Join us for a day of **workshops, vendors, information, encouragement and fellowship**. We are privileged to feature **Hal & Melanie Young** this year. We are also excited to have homeschool graduate **Sam Oosterhoff**, the youngest Member of Ontario Provincial Parliament, speak to both our youth and parents. As well we are planning sessions for those **considering** homeschooling as an alternative, those who have **just started** homeschooling, **seasoned homeschoolers** needing a fresh perspective or motivation to finish the year, those interested in teaching **high school** at home, those teaching children with **learning disabilities**, homeschooled **teens, dads** of homeschooled kids and more. If homeschooling is part of your life, or you think it could be, we hope to see you at **Eastern Ontario's largest exhibition of homeschool resources**.
